Dear Lauren Wrenn:

RE: City of Culver City – Enacted Senate Bill 79 Ordinance – Review Letter

Thank you for submitting the City of Culver City's (City) adopted and enacted Ordinance 2026-007 amending Title 17 (Zoning Code) of the Culver City Municipal Code to amend Chapter 17.210 (Residential Zoning Districts), Chapter 17.220 (Mixed Use Zoning Districts), and Chapter 17.400 (Standards for Specific Land Uses) to implement Senate Bill (SB) 79 within the City.

This letter consists of the California Housing Department of Housing and Community Development's (HCD) written findings pursuant to Government Code Section 65912.160, subdivision (d)(3) of SB 79 that the Ordinance is **in substantial compliance** with SB 79 as of the date of this letter.

Findings

According to Ordinance 2026-007 and the included documents submitted by the City (detailed in Attachment A - Table 1 below), the Ordinance applies to properties located within one-half mile of a designated transit-oriented development stop within the City The added Chapter 17.400, Section 17.400.116 (Transit-Oriented Housing Development Projects) would incorporate the standards laid out in Government Code Section 65912.157 and additional objective development and design standards. Additionally, the Ordinance identifies sites that are excluded from SB 79 prior to one year following the adoption of the seventh revision of the housing element because these sites are designated on the Culver City's local historic register as of January 1, 2025.[1]

Conclusion

Provided the submitted documentation and assertions by the City are complete and accurate, HCD finds that all the requirements have been met for adopting an ordinance compliant with SB 79.

[1] Gov. Code, § 65912.161, subd. (b)(1)(F).

Please note, HCD reserves the right to request additional information to ensure substantial compliance with SB 79 and may update its findings if new information comes to light. HCD may revoke compliance if the local government's actions do not comply with state law. In addition, the Southern California Association of Governments (SGAC) SB 79 map shall have a rebuttable presumption of validity for use by project applicants and local governments[2] and therefore the City's Ordinance and zoning map should be at least as inclusive as SCAG's map when it is made available.

HCD appreciates the cooperation of the Culver City staff during the course of our review. HCD is committed to assisting the City in addressing all statutory requirements of SB 79. Sincerely,

Melinda Coy
